

FESTIVAL OF WOMEN - SISTERS IN THE HOOD

Magic happens when sisters connect and celebrate their power!

An all inclusive opportunity to celebrate our rich diversity of women on the North Richmond Estate, in the wider community and the organisations, groups and individuals that work with inspirational gusto supporting women.

An electrifying street fair atmosphere - market stall marquees, performance stage, workshop-it tent, roving performers, storytelling, mouth watering culinary fare from a myriad of talented local cultural groups and the opportunity to share our stories and embrace our sisterhood - our way.

Choirs, artisans, performers, educational institutions, health care organisations, social enterprises, not for profits, catering wizards and individuals will connect, collaborate and be centre stage on the sisterhood canvas.

We would love for you to be part of our inclusive collective journey and are committed to making this event as enjoyable and accessible for everyone as possible. Please get in touch if you are interested in holding a workshop/stall, being on stage, volunteering along the way, or simply want to chat to us.

In partnership with Belgium Avenue Neighbourhood House.
